

Instructions

SLK Leaf for SlimKab™

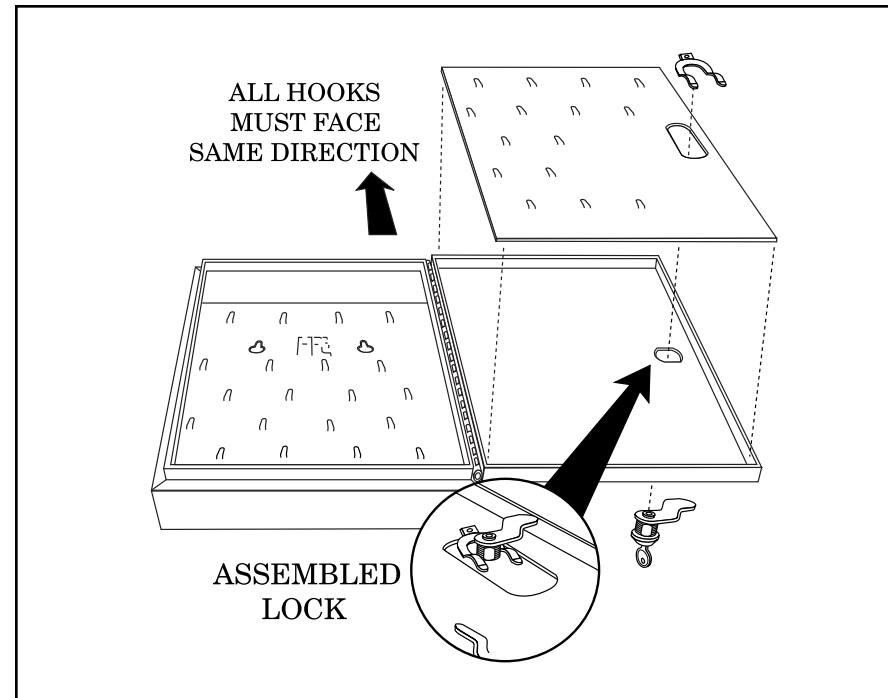

1. Lay the back of the cabinet on a flat surface and open the door.
2. Remove the lock from the cabinet.
3. Remove the paper backing from the tape that is at all four corners.
4. Drop the leaf into position.
NOTE: Please make sure that the hooks are in the proper direction, as the tape becomes permanent once applied.
5. Reassemble the lock to the cabinet.
