Installation Instructions for CodeSource®:

Put the CS-CD into your computer. If the install screen doesn't automatically open,

1. Double click **My Computer**.
2. Double click your CD-ROM drive.
3. Double click **Setup**, an Internet document.
4. If you are updating a previous version of CodeSource®: Click **Backup Custom Data** in the install screen or, on your CD, double click **csBackup**.
5. Click **Install CodeSource®**.
6. Click **Open** or "Run this program from its current location".
7. Follow the on-screen instructions to install CodeSource® on your computer.
8. CodeSource® Plus Owners may also click **Install COA** to Install HPC's Interactive Car Opening Authority®.

If the install program fails to start:

1. Close your browser.
2. Double click **CS_Install**.
3. Double click **Setup**.
4. Follow the on-screen instructions to install CodeSource® on your computer.
5. CodeSource® Plus owners may also double click **COA** and **Setup** to Install HPC's Interactive Car Opening Authority®.
6. Close **My Computer**.

If this is the first time you are installing CodeSource® on your computer, CodeSource® is now ready to register. See **Starting CodeSource®** below.

To restore custom data: Double click **csRestore**. Your custom data is now copied into the new version of CodeSource®.

Windows Vista™ Owners: If the install fails, you may need to install all previous versions of CodeSource®.

Starting CodeSource®

The CodeSource® installation program will install two shortcuts on your computer; one on the desktop and one on the Start button under Programs/HPCSoft. When you start CodeSource®, it will inform you that this copy of CodeSource® is not registered and to please register it now. CodeSource® will only work for a limited number of times without registering it. **Please be sure to register with HPC as soon as possible.**

Registering CodeSource®

Fill in all information on the registration screen and click OK. Your registration information will be displayed along with an Application I.D. number. To complete the registration, you must enter the confirmation number issued by HPC. To obtain the confirmation number, please contact HPC:

By email: click on the email button within CodeSource®. The confirmation number will be emailed back to you the next business day.

By fax: at 847.671.6343, please print the screen with your application I.D. number. The confirmation number will be faxed back to you by the next business day.

By phone: at 847.671.6280, Monday - Friday 8:00am - 4:30pm Central Time. You must have your application I.D. number available.

Once you have your confirmation number, enter it on the second registration screen. Your copy of CodeSource® is now officially registered and ready to use.

If the registration process is interrupted for any reason, you may have to click Clear and restart the registration process at a later time. NOTE: If you install CodeSource® on a second computer, the registration process will have to be repeated to register CodeSource® on the second computer.

Technical Support:

CodeSource® license agreement allows you to install this program on up to five computers in your company. If you need help with any aspect of CodeSource®, you should first go to the on-screen help in the program. We have provided extensive help information to easily guide you through the program. If you are unable to resolve the problem, contact HPC at:

Tel: 847.671.6280
Monday - Friday
8am - 4:30pm (CT)
or fax: 847.671.6343
Email: hpc@hpcworld.com

Technical support is free of charge to registered users. When contacting us by phone, it is most helpful to be calling from the computer where you need support. This way we can work with you to solve the problem or demonstrate a particular function of the software.

If you are having any difficulties with the Microsoft Windows® Operating System, refer to your Windows® user manual or contact Microsoft direct.
