

Installing the Interactive Car Opening Authority® on Your Computer

It is assumed that you are running Windows® 95 or newer and have the Microsoft® Internet Explorer™ or similar browser program.

1. If you have a previous version of the Car Opening Authority® installed on your computer, delete it before installing this new version.
2. Close all windows and applications.
3. Insert the COA-CD into the CD Drive.
4. If the install program does not start automatically, click **Start** and **Run** from the task bar.
5. Enter "**D:Setup**" where D: is the letter of your CD drive. Use the letter of your CD drive.
6. Follow the on-screen prompts to install the Car Opening Authority®.

Starting your Interactive Car Opening Authority®

The Interactive Car Opening Authority® installation program will install two shortcuts on your computer; one on the desktop and one on the Start button under Programs/HPCSoft™. Use either shortcut to start your Interactive Car Opening Authority®.

Technical Support:

If you need help with any aspect of the Interactive Car Opening Authority®, contact HPC at:

Tel: 847.671.6280

Monday - Friday
Email: software@hpcworld.com

If you are having any difficulties with Microsoft Windows® Operating System, refer to your Windows® user manual or contact Microsoft direct. HPC technical support is free of charge to registered users. Please have your serial number handy when contacting HPC. When contacting us by phone, it is most helpful to be calling from the computer where you need support. This way we can work with you to solve the problem or demonstrate a particular function of the software.
